ever sent to any Encampment. Magnificent arches, which do honor both to the Queen City and her guests of the Grand Army of the Republic during the National Encampment, have been erected. The grand triumphal arch, which has been crected on Government Square, is the largest arch of its kind ever erected in this country and is a marvelous piece of work. The top of the arch or esplanade is reached by massive stairs, over which 15 men can walk abreast. The sides of the stairs have railings painted in white and gold relief. The domes are higher than the upper floor of the arch. The entire arch, painted in beautiful white and gold, has been the names of some of the country's greatest Generals.

Gen. Gobin also takes up the matter of the return of the captured rebel flags, which was agitated quite vigorously. He deprecates this agitation. The captured flags belong to all the States, he thinks, and no one State has any claim. As for the pension question, Gen. Gobin

says it has agitated the Order during his administration as never before. He says object was to prevent the increase of appropriations for pensions.

Gen. Gobin says that he appointed a committee to consider this matter. They propounded a series of questions to the Commissioner of Pensions. The Commissioner replied by giving figures showa net increase of the roll for the year of and urged that every possible effort be

EDITOR NATIONAL TRIBUNE: Now that the war is over, I suppose an old veteran may be excused for making comparisons. Some time in 1862, before the battle of Corinth. Gen. Davies's Division started eastward along the line of the Memphis and Charleston Railway, from Corinth, on an expedition, designing to give battle to the rebels operating in that section. This was to cover the departure of Col. Streight, who it will be remembered was going to ride right through the Confederacy with 200 men. We crossed Big Bear Creek the third day, my regiment (the 7th Ill.) in the lead. Several regiments and palted and refused to cross, when a Captain of Gen. Davies's staff

BRIEF PROSPECTUS

As this copy of THE NATIONAL TRIBUNE may fall into the hands of some who are not familiar with it, it is pertinent to say something about its characteristics. It is a family weekly journal, published at the National Capital and dealing only with matters of importance. It presents weekly such a review of the affairs of the world as are worth knowing about, and in addition it is a magazine of historical literature, referring mainly to the history of the United States and the War of the Rebellion. During the coming Winter season we shall have a large corps of contributors who will furnish papers and

Dr. J. P. Cannon's

INSIDE OF REBELDOM will start during the latter part of the present month.

The master narrative, entitled

THE ADVENTURES OF CORPORAL PIKE, has only just begun, and will run through most of the Winter. We shall also begin very soon the publication of a series of reminiscences entitled

EVENING STORIES OF AN OLD SOLDIER. The Adventures of

SI KLEGG AND SHORTY

will continue to amuse and interest their tens of thousands of friends.

We shall have during the year very important matter relating to our new American possessions in Porto Rico, Hawaii and the Philippines, while our ward, the Island of Cuba, will be the subject of a great deal of entertaining and valuable matter from observers on the island, who will present every phase of existing conditions with a view to its value to American settlers.

The famous war story,

NURSE AND SPY. which has just begun, will carry many of our readers back to the days of '61. Mrs. Edmonds, the author, is still living, in the prime of life, in the State of Texas, and any letters that our subscribers may wish to write to her will be forwarded.

Altogether, THE NATIONAL TRIBUNE will be better this year than ever before, and new attractions will be announced from time to time.
